

ABOUT THIS BOOK

'IN HIS SERVICE' The ETERNAL REVENUE SERVICE A Christian Study Guide

For those of us that are still living in the natural world we have no idea of what life will be like when we leave this world and enter the hereafter or the spiritual realm as it is called.

However among the things we've all become very familiar with in this natural world is the I.R.S. or the Internal Revenue Service. The IRS is where we annually reconcile our worth, our existence or earnings and wages. The 1040 form we use determines the net reconciliation of selected earnings over costs and expenditures to determine what if anything we may owe or be entitled to be reimbursed for, from the general or common good. Our share of the cost of operating our government in this case, or our higher authority. But what about the cost of operating Heaven? Will there be a reconciliation there? Below is the "I.H.S. form or the "In His Service" return form. This may well be the first page in the book we so commonly see on the desk of the Heavenly gatekeeper we are to face when we arrive at the pearly gates of Heaven.
