

ABOUT THIS BOOK

If you think Video Game Playing is the way of the future then this story is for you. Here we take a hard look at that dream job of the future. In the year 2050, today's Video Game Playing dream job becomes a real life nightmare since you literally have to risk your life to collect your paycheck.

Follow Randy Hatchfield a year 2050 video game quality assurance agent who sets out to collect the biggest paycheck of his career, from an employer who will stop at nothing to keep him from collecting it.

Randy like you or I, has followed the rules, put in his hours, and is now ready to get paid. Follow him through the longest 24 hours of his life and see what it costs him to collect the biggest paycheck of his life in the 'GAME OF YOUR LIFE.'
