

ABOUT THIS BOOK

When you ask yourself “How precious is life for you and to you?” What is your answer? If it is merely ‘Life and Death’. Then this book isn’t for you. But if it is more than you can articulate, even to yourself. Then you should know that no one can answer that question better than the one who created life itself. And that would be God and God along.

Few of us have discussed this topic with God and thought enough to share it with the world so God prepared a reference guide for us.

That would be the Bible and in it he parceled out a section that specifically addresses the question of ‘Life and Death.’ I am talking about the Book of Revelations. The last book in that guide.

The Book of Revelation is full of symbols and visions that are hard to understand. That’s likely because it isn’t time to understand them yet. However, many scholars feel that if people pray hard and are sincere about wanting to know the answers, God will begin to reveal some.

The book of REVELATION shows visions about a seven-year tribulation or “hard time” that will come upon the earth, and after that, Jesus will return. He invites everyone to be part of his new heaven and new earth who wants to be with him.

This book brings together God's word and man’s thoughts on the subject of death more so than life as of this time. I hope that once you read it, it will help you better understand what we know and what we think about death so you can live a better life before death takes over.
