PRAY

In the Name of ... A Bible Based Directory

Dr. Larry Montgomery, Sr.

ABOUT THIS BOOK

Pray In the Name of... The Names of God: One of the richest fields of revelation which God has given concerning His own being is that which pertains to the names of God. A name in Scripture is often significant of the nature of a person, whether the name be of angels, men or God. The Hebrews say of God and His name, "Himself is His name, and His Name is Himself."

This reference guide is a compilation of names and their meaning for those who would like to focus their prayer life with the Father. It is not an all there is resource, but it is full of many if not most of the names that either God has revealed about Himself or man has come to understand about the attributes of God and His relationship with created man.

I pray that you find some new information and revelation through the following pages.

God Bless you and yours.
