

## ABOUT THIS BOOK

Sheriff William Rodgers better known as Big Bill, best and worst day came and went on the same day. The day he almost killed his most hated foe. If not for the hard work and determination of his hoped-for son-in-law, he would have gotten away with his first unlawful hate killing ever.

Follow Big Bill as his lust for blood and self-appointed race purification leads him, and his hoped-for son-in-law to be, down the road of exposure, shame, and disgrace; right in the middle of Main Street America, just as his life long desired President makes his first speech in the town square.

Follow Big Bill on the road to *"The Reckoning."*
