

ABOUT THIS BOOK

This Bible guide was compiled to provide mature Christians current insight of one aspect of the Holy Spirits work when it comes to the Great Commission.

It's goal was to show how easy it is for those with a more narrow understanding of God's intent can limit the love God has poured out to encourage His children and invite all others to partake of that same love.

Once a full understanding of the Fruits and Gifts of the Holy Spirit is received everyone will benefit from the knowledge of God.
